ANSWER TO SUMMONS AND COMPLAINT

(An answer is the response of the defendant to the plaintiff's complaint. The defendant either admits or denies the allegations made by the plaintiff. The Answer is the formal written statement made by a defendant setting forth the grounds of his defense. It is recommended that each "count" be answered in the order presented in the complaint. Thus: #1. would have a defense, #2. would also have a defense, etc. It can be as simple as "Admit" or "Deny".
