I. Law Enforcement Update

Beaver said there is no new news to report

II. Natural Resources Department Update

None

III. Legal Department Update

None

IV. New Business

Captains License: Beaver proposed the NRC take another look at regulations for obtaining a Captains License for Commercial Fishing because the department has been asked for information

V. Continuing Business:

Walking Trail: NRC Commission was presented with a first draft map of the walking trail. Discussions on the proposed trail were concerns about walker safety during hunting season: should walkers be required to wear orange vests during hunting? Who will pay for vests? Penalty for not wearing a vest? Enforcement of vests? How big is the Trail? Should the trail be moved? Trail closed during hunting season? How many employees will use the Trail? Will pollution be a problem? Maintenance of trail, ie. Snow removal? No motion made in support of the walking trail until the NRC is confident that all the concerns are taken into consideration.

Undesignated campsites: Liaison DiPiazza requested to table this discussion until spring.

Hunting Regulations: NRC spent 2 hours discussing changes to the regulations.

VI. Public Comment:

Rick McCaslin gave a small presentation about Frakking. He gifted the NRC with a copy of a movie about Orphaned Wells and the impact wells are having on the environment.
