Plenty Of Fish In The Lakes Will Be Free For Aspiring Anglers Feb. 13-14

The Michigan Department of Natural Resources (DNR) is encouraging open season on state waters Feb. 13-14 so fishermen and fisherwomen can hook the fish of their dreams.

Both residents and non-residents will be able to participate in the DNR's annual Free Fishing Weekend, which allows aspiring anglers to land a great catch on Michigan waters without a license. All other fishing regulations still apply.

The annual DNR event is meant as a way to promote awareness of the state's aquatic resources, and with thousands of miles of shoreline, rivers, lakes and streams, "Michigan and fishing are a perfect match," a release on the event stated.

[Make a Fire Escape Plan](#)

Some safety tips from the Tribal Emergency Response Team

More than 15,925 people were injured by fire in the United States in 2013, according to the U.S. Fire Administration. If a fire breaks out in your home, you may have as little as **two minutes** to safely escape once the alarm sounds.

Planning can help protect you, your family, and your home when seconds count. Here are a few steps to help **keep your family fire safe**:

Check that all smoke alarms are working properly;

Make a map of your home and mark all windows and doors through which you may escape;

Choose a meeting place outside the home where firefighters can see you and your family;

Write the emergency telephone number for your fire department on your escape plan;

Practice your fire escape drill; and

Keep your fire escape plan in a common area where everyone can see it, i.e. refrigerator.

For more information about protecting your family and developing a fire escape plan, check out the [home fire escape materials](#) from the U.S. Fire Administration.

[Portable Fireplaces: Tips for Staying Cozy and Safe](#)

Portable fuel-burning fireplaces have become a popular way for people to heat their homes during winter months. However, if not used properly, these devices can be dangerous and pose a serious fire hazard.

According to the National Fire Protection Association (NFPA), half of all home heating fires occur in December, January, and February. Learn how to [“Put a Freeze on Winter Fires.”](#) Before you snuggle up to a portable fireplace, [keep these NFPA safety tips in mind](#):

Make sure the fireplace has an Underwriters’ Laboratory (UL) listing. This ensures the product has been tested for safety;

Read and follow the manufacturer’s instructions closely;

Keep the area where you're using the fireplace well ventilated;

Do not use the fireplace in sleeping areas; and

Light the fireplace using a utility lighter or long match.

As with all heating equipment, space is important! Create a “safe zone” around the device by keeping children, pets, and anything that can burn at least three feet away.

“We don’t have to say or think what we don’t wish to. We have a choice in those things, and we have to realize that and practice using that choice.” Rolling Thunder, Cherokee

Having choices makes us fully accountable. No one can make us think anything we don’t want to think. No one can determine our behavior and how we act. It’s not what’s going on but how we look at what’s going on. If someone does something and we get upset, we can change how we look at it any time we want. We can tell ourselves in the morning that the day is going to be beautiful and that we have expectations that great things will happen. Doing this daily sets our mind to look for the joy and excitement of each day.

Great Spirit, help me to choose my thoughts with Your wisdom.

Kateri prayer
