*Section 1. Authority to Act.* The Little River Band of Ottawa Indians is a federally-recognized sovereign Tribal nation retaining all inherent powers of self-government. Pursuant to Article V, Section 1 of the Tribal Constitution, the Executive Powers of the Tribe are vested in the Tribal Ogema. Among these is the authority to enforce and execute the laws of the Tribe, to oversee the administration and management of the Tribal government in accordance with the laws, resolutions and motions adopted by Tribal Council, and to manage the enterprises and lands of the tribe. Article V, Section 5(a).

Further, Executive Order 20-0320-01 Declared a State of Emergency for the Little River Band of Ottawa Indians. Tribal Council also issued Tribal Council Resolution #20-0320-096, Declaring a State of Emergency.

*Section 2. Purpose; Findings.* The purpose of this Order is to protect the public health, safety and welfare of the community because it is the Ogema's responsibility to oversee and manage the Tribal government and properties. As the situation continues to evolve, we are monitoring several announcements from our home state of Michigan, and we are monitoring the federal government guidance from the Centers for Disease Control (CDC). New guidance to reinstate indoor masking from the CDC has identified there is a substantial risk of community transmission in both Manistee and Muskegon Counties, in part due to new variants of the COVID-19 virus.

*Section 3. Specific Action.* The Ogema hereby announces the following actions:

- a. Extension of the series of Executive Orders for the Tribe's response to COVID-19 until further notice with the below exceptions and updates.
- b. Beginning at 8:00 a.m. on October 4, 2021 and until further notice, Tribal Government Offices are open by appointment only. Members of the public visiting the Tribal Government Offices shall be required to follow the safety protocols in place to address COVID-19 concerns.

- c. Effective Monday, October 4, 2021 and through the end of the year 2021, in order to decrease opportunities for transmission of the virus, the Tribal Government Staff will implement scheduled remote work for up to two days a week for those positions that are eligible for remote work. The remote work schedule must be approved by the Director of the department and shall be scheduled to ensure coverage and continue to provide continuity of government services.

*Section 4. Repeal.* This Executive Order does not repeal any existing Executive Orders however where previous executive orders related to COVID-19 response contradict or differ, this order supersedes those orders and shall be considered to control for the purposes of interpretation.

*Section 5. Effective Date and Duration of the Order.* This Executive Order shall be effective immediately upon execution by the Ogema, and shall remain in effect until a superseding order is issued.

*Section 6. Goals.* The Office of the Ogema will continue to monitor the situation, including issuing additional orders as is necessary. The goal of this order and all orders related to this worldwide crisis is to stem the outbreak of the COVID-19 virus and ensure the health and safety of our community.

IT IS SO ORDERED:
