

## **NOTICE: LIVESTREAM OF TRIBAL COURT PROCEEDINGS**

11/1/2023

---

The Tribal Court has recently begun using Liberty Virtual Courtroom for its court-recording system. The public will be able to view public court proceedings via a livestream, the link for which is posted on the court docket and at the bottom of this notice.

The livestreaming function of the system is now currently working. However, we may experience occasional outages as the result of network or hardware issues, or general technical glitches as court staff become adept at using the new system. We apologize for this inconvenience and ask that you be patient with us.

We understand that this is frustrating for those who wish to view court proceedings. Please be assured that we are diligently working to ensure that everyone has the best possible experience with the Tribal Court.

We also remind you that many hearings are now being held at the Tribal Court and the public is welcome to attend those in person.

If the livestream is down, please check Zoom as we may utilize it from time to time if the new system is being worked on.
